

Encore Synergy Quick Reference Guide

Encore Synergy (ES) is the Law Library's Online Public Access Catalog (OPAC) that integrates online articles with a single catalog search. That means not only do your search results return items located in the physical Law Library collection but also retrieve e-articles based on your specified search criteria. ES ranks article results by relevancy and provides content-specific facets (e.g., Full Text and Peer Reviewed articles, format, location, etc.). EBSCO, HeinOnline, and LegalTrac are the most popular databases integrated into the ES search experience. This guide will focus on HeinOnline; however, the search techniques apply to both EBSCO and LegalTrac databases as well.

To take advantage of this service, you **must** have a Law Library account and assigned barcode. If you are not in our system or forgot your login credentials, please contact [Mrs. Epperson-Emmanuel](#) or [Mr. Rand](#).

- You can conduct either a Basic Search or Advanced Search. Let's try a Basic Search using the index qualifiers for an author ("au:") or title ("ti:"). For this example, we will do an author search. Click on the **"Articles"** tab (or select "Catalog" if you are looking for resources in the physical Law Library). Enter the **author's name (title name or keywords)**. Click the **search button**.

The screenshot shows a library search interface. At the top right, there is a navigation bar with links: "My Book Cart (0 items) | Aldridge-Rand, Karim | Logout". A circular logo is visible on the right. Below the navigation bar, there are two tabs: "Catalog" and "Articles". A blue arrow points down to the "Articles" tab. Below the tabs is a search bar with the text "Search" and a search input field containing "au: bullock, joan". A red arrow points up to the search input field. To the right of the search input field is a search button with a play icon, and a black arrow points left to this button. Below the search bar, there is a "Back to top" link with an upward arrow. At the bottom of the page, there are two columns of links: "Search Tools" and "Library Links".
