Course Description	
Course Purpose	<p>This course is a 4-credit course covering Sales and Secured Transactions. We will address the principles and practices of the Uniform Commercial Code focusing on Articles 2 and 9 that are those areas primarily covered on the Uniform Bar Exam.</p> <p>In preparation for the Uniform Bar Exam, the course will necessarily focus on the following primary UCC Article 2 areas that substantially differ from common law contracts:</p> <p style="padding-left: 40px;">UCC §2-207 ("Battle of the Forms" provision); UCC §2-205 (the "Merchants Firm Offer" provision); UCC §2-209 (the "Good Faith Modification" provision), and UCC §2-601 (the "Perfect Tender Rule").</p> <p>Likewise, this portion of the course will also cover Warranties and other areas of Article 2 that are generally tested on the Uniform Bar Exam. For Article 9, we will address how the UCC governs payment guarantees of a debtor-borrower that gives a security interest in his personal property to a lender and the related issues. The Course Methodology is designed to address the Learning Objectives stated below.</p>

<p>Learning Objectives & Evaluation Tools</p>	<p><i>The goal for this course is to teach students to read and comprehend relevant statutory language found in UCC Articles 2 and 9 (including the code provisions and the corresponding explanatory materials (Official Comments). Additionally, students will successfully reflect their understanding of the language by, first, identifying relevant legal issues raised in the Uniform Bar Exam-type fact scenarios and, second, providing comprehensive analysis of those issues.</i></p> <p><i>By the end of this course, students will be able to:</i></p> <ul style="list-style-type: none"> <i>+ Read & comprehend relevant statutory language (UCC Code provisions) and the corresponding explanatory materials (Official Comments).</i> <i>+ Prepare a short essay that analyzes facts and application of rules and concepts used in Sales and Secured Transactions.</i> <p><i>In furtherance of these objectives, students will be required to:</i></p> <ul style="list-style-type: none"> <i>+ Read, prepare responses, & offer interpretations of problem set analyses as part of Class Participation.</i> <i>+ Complete short essay quizzes given throughout the semester that require identification of relevant Code concepts and analysis of key facts.</i> <i>+ Complete written analysis to Bar Format-type questions for Midterm and Final Exam</i>
